End-of-Course (EOC) Assessments. EOC assessments are computer-based, criterion-referenced assessments that measure the Florida Standards (FS) or the Next Generation Sunshine State Standards (NGSSS) for specific courses, as outlined in their course descriptions. In 2011, Algebra 1 (NGSSS) was the first course to undergo the implementation of a statewide EOC assessment.

Math Connects: Concepts, Skills, and Problem Solving was written by the authorship team with the end results in mind. They looked at the content needed to be successful in Geometry and Algebra and backmapped the development of mathematical content, concepts, and procedures to PreK to ensure a solid foundation and seamless transition from grade level to grade level. The series is organized around the new NCTM Focal Points and is designed to meet most state standards. Math Connects focuses on three key areas of vocabulary to build mathematical literacy, intervention options aligned to RtI, and a comprehensive assessment system of diagnostic, formative, and summative assessments.

Preparation for the Next-Generation MCAS Tests for 2016-2017! This extensive skill-building quiz book contains over 200 pages of quizzes targeting over 50 mathematics skills! Each quiz focuses on one specific skill, with questions progressing from simple to more complex. Students will develop a thorough understanding of each skill, while also gaining experience with all the types of tasks found on the new Next-Gen MCAS tests. Divided into Convenient Topics - Covers every skill listed in the Massachusetts Curriculum Frameworks - Includes sections for operations and algebraic thinking, number and operations, fractions, measurement, data, and geometry - Each section contains a focused quiz for each individual skill - Each quiz includes a range of question types and increasing rigor to develop a thorough understanding of the skill - Targeted format allows test preparation to be easily integrated into student learning Prepares Students for the Next-Generation MCAS Assessments - Covers all the skills assessed on the Next-Gen MCAS mathematics tests - Provides practice completing all the question types found on the test - Includes multiple choice, multiple select, short answer, technology enhanced, and open response question types - Prepares students for questions that involve explain their thinking, justifying answers, or describing mathematical concepts - More rigorous questions prepare students for the higher difficulty of the new assessments - Guided tasks teach students what is expected in answers Key Benefits - Develops a thorough understanding by focusing on one skill at a time - Reduces test anxiety by allowing ongoing test practice - Individual quizzes allow gaps in knowledge to be targeted - Ensures students are comfortable with a range of question formats - Prepares students for all the question types found on the MCAS tests - Provides revision and test practice as the student learns
