The Corps of Royal
Engineers, better known
as the Royal Engineers
(RE) or the Sappers, is
part of the British Army.

Read Free Army Civil

It provides military engineering and technical support to British armed forces around the world. Although the RE trace their history back to the military engineers who came to England with William the Conqueror in 1066, the origins of the modern RE date to the creation of a corps of engineers for the British army in 1716.
