Memorizing answers is hard -- and boring. Learning is easy! If you've made the decision to open up your ham radio world by going for the Extra Class License, great! The latest edition of the Extra class exam is certainly challenging. The question bank includes over 600 questions, some 25% of which are new or revised since the last edition. The Fast Track to Your Extra Class Ham Radio License explains the reasoning and technology behind each correct answer on the exam so you'll understand and remember the subject matter. It's a complete learning system; books, audio, and the [fasttrack.com](http://fasttrack.com) web site with custom-made practice exams that integrate with the

# Read PDF Arrl Extra Cl License Manual 10th

Edition chapters in the book and audiobook. There are also teaching videos on the site. Created by an experienced ham and adult educator, it's like having your own, patient, experienced, good-humored mentor for the exam. (One reason Michael is a frequent presenter at major ham conventions.) To get your Extra Class license you must pass a multiple-choice test. The Extra license test consists of 50 questions drawn from a pool of 621. Memorizing the answers to 621 disconnected questions is difficult, but The Fast Track makes getting your upgrade easier by explaining the logic behind each correct answer. It's simple: When you understand the material, and you have a context for the material, you remember the answers and pass the test. We might even have a little fun along the way. (This may be the only amateur radio book to teach an astronomical concept with a nacho cheese

through the questions and all the possible answers. For the Extra test, you see 622 questions and 2,488 answers but 1,866 answers are wrong! Why be confused and frustrated studying three wrong answers for every one right answer? Pass Your Amateur Radio Extra Class Test - The Easy Way is different. The focus is on the right answers and only the right answers with full explanations - All Ham and No Spam. The book is in two parts. The first explains the concepts covering every single test question with hints and cheats to help you understand recognize the correct answer. The second part is a condensed Quick Summary with only the questions and correct answers. Since you never see the wrong answers, the correct answers will pop out when you take the test. You learn to recognize, not memorize, the right answer. It couldn't be easier! Here are two testimonials: "I just

**Edition** wanted to let you know that I purchased all 3 of your amateur radio license study books, read them all 3 repeatedly and passed all three tests in 3 weeks! 1st week Tech, 2nd week General, and 3rd week Extra class. Your books give the information needed to understand the material and questions and in turn, give the reader the knowledge and confidence to pass the exams. I have wanted to get involved in amateur radio for years and now I have! I will be sure to let everyone interested in amateur radio study material to be sure and read Easy Way Ham Books! Thank you for writing these books."

"Thanks for writing the "Pass Your Test The Easy Way" books! I got my Tech license in May, I scored 34/35. I got my General in June, scored 35/35. I just passed my Extra Class test this week and scored 50/50. I went to the same VE's for each test and after the Extra exam and

some handshakes, they had questions about how I studied. I showed them my copy of your Extra class book, highlighted, notes written in the margins and so on. I used your books for each exam and they definitely made a difference for me. I did my part as well but your books definitely made it easier. The books are now part of the ham radio reference section in my library. I don't normally go out of my way to thank an author, in fact, I've never done this before but your books made such a big difference for me I felt I should reach out and let you know about it. So, thanks again for writing this series, 73! "

**CYBERMONTH Special Pricing.**

**Edition** a few days without power. Others are ready for years of travail. This book assumes no cell service, no phones, no internet, and no power. That drastic scenario is realistic enough for all levels of preparation. Wherever you fall on the apocalyptic spectrum, communication is critical. Imagine being hunkered in your bunker and wondering, "Does New York City still exist?" Sobering thought. At the most basic level, you need to hear what is happening in the world around you. How will you contact others for aid and support? Don't limit your horizon to how loud you can yell. Radio is your source of information and medium of communication. This book is about radio and covers everything you need when all else fails. Topics include basic radio theory, licensed and unlicensed radio services, operating protocols, choosing equipment, repeaters, antennas, power
