In the novel Bad Island by Doug TenNapel is about a boy name Reese and his family that gets stranded on an island. The artists shows his art work by using bright and dark colors through out the novel. This comic made me feel what Reese and his family went through to survive on the island.

The latest graphic novel from Doug
TenNapel proves once again that a full
story can be told in pictures, and that it can
be as affecting and detailed as it could be
in book form. Though not as delicately
handled or as deeply moving as
Ghostopolis, his last offering, Bad Island
is fun, charming, intricate, and complex.
It's the story of a family that goes, against
their will, on vacation together in an
attempt to fix the problems they've been
having.
