the literature will describe two types of research: research on teaching and research on teachers' conceptions.

---

### CHAPTER 2: Literature Review

2.1 Overview of information Because a literature review is a summary and analysis of the relevant publications on a topic, we first have to understand what is meant by 'the literature'. In this case, 'the literature' is a collection of all of the relevant written sources on a topic. It will include both theoretical and empirical works.

Strauss's social worlds perspective (Strauss, 1978; see also Clarke & Star, 2008) was discussed in sections 2.2.4 (as a concept of community) and 2.7.2.1 (as a component of boundary object theory). As a brief review, Strauss (1978) built his social worlds perspective on the work of Shibutani (1955), who argued there is a great "variety of social worlds," each with its own "organized
