Jay Parini's "Jesus the Human Face of God" is a well-researched, well-written outlook on the life of Jesus. Granted, there really wasn't anything new that I hadn't read previously in other works, but the author's writing style does make the information and ideas more 'user-friendly' and easier to read.

But now, once again, Jesus appeared in order to reveal to his followers - and to us today - the human face of God: "After eight days again his disciples were within, and Thomas with them: then came Jesus, the doors being shut, and stood in the midst, and said, Peace be unto you" (verse 26).

We can construct doctrines, christologies, credos, and theologies. We can turn Jesus's teaching into a checklist for salvation.

After reading Jesus: The Human Face of God, I am going to purchase a few copies for those folks. Here's why. First, while this volume may be slim, it is bursting with insight and good sense. It is less a biography of Jesus than a sort of "walk with Jesus," through his ideals, presence, and controversies.

Jesus' assumption of human nature must refine an understanding of what it means to be human. For example those parts of human nature that withdraw from God are not intrinsic to being human. Sin is not essential to human identity, because Jesus was a

Jesus: Human and Divine - St Martin-in-the-Fields

The main trend of modern theology has hinged on the notion of "demythologizing" Jesus. Parini's book seeks to re-mythologize him, considering the story in all its mythical radiance, taking Jesus as the human face of God. It asks: What's so moving about Jesus's story that millions of people over two millennia have considered it a paradigm for ...

of early Christianity. Artists and theologians have meditated upon the mystery of God's human countenance and tried to express it. This book seeks to present the great sources of this meditation--sources which today are widely unknown, or have become foreign or obscure. These sources are above all the great masters of early Christianity. In their meditation upon Christ, Bishop Schonborn seeks the sources of the art on the Icon. The reader will find not only an engaging introduction to the meaning and beauty of Icons, but an invitation to draw closer to the One who inspired these Masters of theological expression and holy art. Includes beautiful color Icon illustrations.

For many who identify themselves as Christians, Jesus has never become experientially personal or real. Countless others who have faithfully followed Christ confess to a spiritual dryness and lack of joy. These individuals are weary and unmoved by the plethora of information about Jesus. What they long for is an experience with Jesus. Picturing the Face of Jesus is an invitation to experience Christ more deeply. Through a rich palette of experiential media—art contemplation, gospel story-telling, and imaginative prayer—the reader is invited to picture the face of Jesus, his expressive, one-of-a-kind, human face. As a result, Jesus will become a real person with whom

Does accepting the doctrine of biblical inspiration necessitate belief in biblical inerrancy? The Bible has always functioned authoritatively in the life of the church, but what exactly should that mean? Must it mean the Bible is without error in all historical details and ethical teachings? What should thoughtful Christians do with texts that propose God is pleased

by human sacrifice or that God commanded Israel to commit acts of genocide? What about texts that contain historical errors or predictions that have gone unfulfilled long beyond their expiration dates? In *The Human Faces of God*, Thom Stark moves beyond notions of inerrancy in order to confront such problematic texts and open up a conversation about new ways they can be used in service of the church and its moral witness today. Readers looking for an academically informed yet accessible discussion of the Bible's thorniest texts will find a thought-provoking and indispensable resource in *The Human Faces of God*.

The Church with a Human Face: A New Expanded Theology of Ministry elaborates historically and theologically the main line of his argument. It further includes reactions and reflections on criticism he received. The work outlines the evolution of ecclesiastical office, starting with Jesus Christ and his messianic community, followed by a description of the practice and theology of ministry in the early Christian communities, and tracing different forms of ministry in the history of the Church. Of particular interest is the section on the "Complaints of the People", which deals with the discon.

Badde embarks on an exciting quest to discover the truth behind the Holy Face of Manoppello, a relic recently rediscovered and rumored to be the veil of Veronica. Vatican correspondent for German newspaper Die Welt, journalist Paul Badde was intrigued when he heard of a mysterious image in a remote Italian village--an image of a man's face on byssus cloth. Byssus, or sea silk, is a rare and delicate fabric woven from a silky filament produced by mollusks. It is claimed that the fabric is so thin and delicate that it is impossible to paint on--yet the image in Manoppello is clearly visible and, moreover, when laid over the image of the face on the Shroud of Turin forms a perfect match. Experts determined that

the cloth of Manoppello is not Veronica's veil, but rather the face cloth layed over the face of Jesus in the tomb. Unlike the Shroud of Turin, which is a negative of the image, the image on the face cloth is a positive of the face of Christ. Paul Badde takes the reader along on a thrilling journey of discovery as he travels to research this remarkable relic, tracing the turbulent history of the Holy Face from ancient times up to the historic 2006 visit to Manoppello by Pope Benedict XVI. Illustrated with 16 pages of color photos.

Until now, Fresh Expressions has been about starting and sustaining mission initiatives among people with

little or no church contact. As these projects mature, pastoral problems easily arise - how do you integrate the old with the new? How do you get an established congregation to change its views and practices? How do you cope with conflict? What if newcomers challenge set patterns of church behaviour rather than conform with them? The publication is structured for use for training in local churches, theological colleges and as a research tool in postgraduate study.
