Spelling has been modernized, and the poems are arranged in order of publication, essential to an understanding of the progress of Milton’s career in relationto the political and religious upheavals of his time. The extensive notes cover syntax, vocabulary, historical context, and biblical and classical allusions. John Milton is, next to William Shakespeare, the most influential English poet, a writer whose work spans an incredible breadth of forms and subject matter. The Complete Poetry and Essential Prose of John Milton celebrates this author ’ s genius in a thoughtfully assembled book that provides new modern-spelling versions of Milton ’ s texts, expert commentary, and a wealth of other features that will please even the most dedicated students of Milton ’ s canon. Edited by a trio of esteemed scholars, this volume is the definitive Milton for our time. In these pages you will find all of Milton ’ s verse, from masterpieces such as *Paradise Lost*—widely viewed as the finest epic poem in the English language—to shorter works such as the *Nativity Ode*, *Lycidas*, *A Masque and Samson Agonistes*. Milton ’ s non-English language sonnets, verses, and elegies are accompanied by fresh translations by Gordon Braden. Among the newly edited and authoritatively annotated prose selections are letters, pamphlets, political tracts, essays such as *Of Education* and *Areopagitica*, and a generous portion of his heretical *Christian Doctrine*. These works reveal Milton ’ s passionate advocacy of controversial positions during the English Civil War and the Commonwealth and Restoration periods. With his deep learning and the sensual immediacy of his language, Milton creates for us a unique bridge to the cultures of classical antiquity and medieval and Renaissance Christianity. With this in mind, the editors give careful attention to preserving the vibrant energy of Milton ’ s verse and prose, while making the relatively unfamiliar aspects of his writing accessible to modern readers. Notes identify the old meanings and roots of English words, illuminate historical contexts—including classical and biblical allusions—and offer concise accounts of the author ’ s philosophical and political assumptions. This edition is a consummate work of modern literary scholarship.

John Milton wrote poetry of such sublime beauty that he managed, through its universal influence, to transform the character of the English language. From his astonishing epic *Paradise Lost*, with its magnificent blank verse and mesmerizing characters, to the tragic brilliance of *Samson Agonistes*, Milton engaged the political and religious issues of his troubled times with subtlety and sophistication. His moving elegy “*Lycidas*,” written after the untimely drowning death of a friend, has been hailed as the greatest lyric poem in English. The classic shorter works, from the pastoral poems “*L’Allegro*” and “*Il Penseroso*” to the enchanting masque *Comus*, to the intensely personal sonnets, share the grandeur and vitality of his epics; all serve as continual reminders of the heights the human imagination can achieve. With an introduction by Gordon Campbell. (Book Jacket Status: Jacketed)

Controlling Accounts.—The addition of special columns in books of original entry makes possible the keeping of Controlling Accounts. The most common examples of such accounts are Accounts Receivable account and Accounts Payable account. These summary accounts, respectively, displace individual customers’ and creditors’ accounts in the Ledger. The customers’ accounts are then segregated in another book called the Sales Ledger or Customers’ Ledger, while the creditors’ accounts are kept in the Purchase or Creditors’ Ledger. The original Ledger, now much reduced in size, is called the General Ledger. The Trial Balance now refers to the accounts in the General Ledger. It is evident that the task of taking a Trial Balance is greatly simplified because so many fewer accounts are involved. A Schedule of Accounts Receivable is then prepared, consisting of the balances found in the Sales Ledger, and its total must agree with the balance of the Accounts Receivable account shown in the Trial Balance. A similar Schedule of Accounts Payable, made up of all the balances in the Purchase Ledger, is prepared, and it must agree with the balance of the Accounts Payable account of the General Ledger.* The Balance Sheet.—In the more elementary part of the text, the student learned how to prepare a Statement of Assets and Liabilities for the purpose of disclosing the net capital of an enterprise. In the present chapter he was shown how to prepare a similar statement, the Balance Sheet. For all practical ...
