Detail from Labor, Charles Sprague Pearce (1896). Manual labour (in British English, manual labor in American English) or manual work is physical work done by humans, in contrast to labour by machines and working animals. It is most literally work done with the hands (the word "manual" comes from the Latin word for hand) and, by figurative extension, it is work done with any of the muscles and bones of the body.

manual. Something manual is operated by human hands. Before Eli Whitney invented the cotton gin, picking cotton was a manual job. Nowadays, farmers might need to read a manual to know how to operate a cotton gin. The word manual comes from Latin root words meaning "of the hand," and the adjective form of the word still maintains that meaning — "by hand or of the hands."
