This publication is one of a series of country reviews aimed at improving the environment for private investment in key infrastructure sectors. It gives an objective assessment of the condition of Rwandas core economic infrastructure and associated institutional and policy frameworks, as well as examining reform opportunities to encourage private sector involvement. Chapters review the following sectors: transport, energy, water and sanitation, electricity and telecommunications, as well as considering a number of cross-cutting issues including institutional capacity, regulation, the legal system, taxation and environmental issues.

Packed with real-life examples and case studies, MANAGEMENT OF ELECTRONIC AND DIGITAL MEDIA, 6e, provides the latest information on the management and leadership techniques and strategies used in the electronic and digital media industries. The text is popular for its contemporary approach and clear, current illustrations. Succinctly written, the Sixth Edition covers the most important aspects for future managers, leaders and entrepreneurs in the rapidly evolving media industries -- and includes an all-new chapter: Media Management: Manager/Leader/Entrepreneur. New coverage highlights trends in big data, mobile, social media, and the cloud. In addition, end-of-chapter case studies put readers in the role of a manager in a decision-making environment. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
