Woman who admitted slitting throat of girl, 7, in public ...

The real story behind the swine flu murders is one of genocide and of a slow-acting poison which may take years after the injection to bring on death by cancer or heart failure. This story begins in the ironically named federal Center for Disease Control in Atlanta, Georgia (yes, the same city which produced our present leader). First, the federal scientists in this rat's nest invented a new disease, which they named the "swine flu".
