A child who loses something precious considers and tests various solutions. Includes a note for parents on fostering resourcefulness in young children.

From Matthew Cordell, the author-illustrator of the Caldecott award-winning book *Wolf in the Snow*, comes this delightful picture book that's as charming as it is fun. It's raining. There's nothing to do. Ruben is bored. But things start looking up when his grandmother gives him and his little brother some gum. Gum is fun. There's just one problem with gum—it tends to make a mess! Uh-

oh. . . . Praise for Trouble Gum: “Packs plenty of pop.” –Kirkus Reviews “Working with a stripped-down palette of black, white, red and bubblegum pink, Cordell's (Mighty Casey) first solo effort evokes irrepressible boyhood with laughs throughout. . . . Dozens of Steig-like pen and ink drawings show the antics of the partners in crime.” –Publishers Weekly “Irresistible. . . . graphically dynamic.” –San Francisco Chronicle “The simple story line and liberal use of white space open plenty of opportunities for Cordell's winsome art to generate laughs. . . . A few understated sibling notes sneak into the minimal presentation as well, making this book more than just a pure giggle-maker.”  
–Booklist

Free yourself from the downward spiral of scaling, root planing, gum grafts, flap surgery, chemicals, and the inevitable extractions and implants and cure gum disease (periodontitis) naturally. Ramiel Nagel's bestselling guide, Cure Tooth Decay, has inspired tens of thousands of readers to discover hidden and effective means to reduce dental cavities by at least 90 percent. In Cure Gum Disease Naturally, Nagel expands upon his original work and shows you the forgotten and suppressed cure for gum disease. The CDC now reports that about half of all adult Americans suffer from periodontal disease, with 8.5 percent of all adults having severe gum disease. And even

## Read PDF My Gum Is Gone

worse, 23 percent of all adults aged sixty-five and older have lost all of their teeth. Despite the prevalence of periodontal disease, dentistry has not found the "cure" as it continues to allow adults to lose their teeth only to primarily offer the expensive and often painful alternative of dental implants. This is not a book that advocates for gum surgery, or for other chemical or harsh overpriced treatments with dubious results. This is a truly natural, holistic approach that primarily focuses on how you can use the food that you eat as medicine for your body, to give it specific and targeted nutrition, and to make your sad gums happy again. It will show you how to turn the frequent dreadful dental visits into a delight, and to help you stop worrying about the health of your teeth and gums so you can start living life-as you deserve to-once again. Take a bite out of life, improve how you feel, reduce your level of stress, and finally, at last, read a book that was truly written with a goal that you can align with, to get you out of the endless and unnecessary cycle of gum disease treatments that do not provide results that last because they never address the root cause. Cure Gum Disease Naturally is about you and your health. It begins with the story of how conventional dentistry no longer advocates and prescribes treatments based upon the agreed upon and proven cause of gum disease. You will learn how enlightened dentists Melvin Page and

# Read PDF My Gum Is Gone

Harold Hawkins applied the research of esteemed dentist Weston Price in their practices to prevent the tragic loss of teeth by restoring gum health in their patients. You will then be led, step by step, through the evidence and the information that gives you a precise and detailed road map, using whole foods, to stop gum disease and to rebuild and repair your gums. Finally, you will be given essential information to navigate the dangerous waters of gum treatments, and find new ways to care for your teeth and gums that until now, few knew were even possible. Read *Cure Gum Disease Naturally* and learn how loose teeth can be firmed up and become rooted like a strong tree once again into your jaw bone, inflamed gums can become healthy, and bleeding can be greatly reduced and stopped. You will at last see clearly why you have succumbed to gum disease and know specific steps to take, by eating certain foods, to keep your gums healthy and thus keep your teeth for the rest of your life.

A comprehensive guide to natural, do-it-yourself oral care, *Holistic Dental Care* introduces simple, at-home dental procedures that anyone can do. Highlighted with fifty-three full-color photos and illustrations, this book offers dental self-care strategies and practices that get to the core of the problems in our mouths--preventing issues from taking root and gently restoring dental

# Read PDF My Gum Is Gone

health. Based on a "whole body approach" to oral care, Holistic Dental Care addresses the limits of the traditional approach that treats only the symptoms and not the source of body imbalances. Taking readers on a tour of the ecology of the mouth, dental health expert and author Nadine Artemis describes the physiology of the teeth and the sources of bacteria and decay. Revealing the truth about the artificial chemicals in many toothpastes and mouthwashes, Artemis also discusses the harmful effects of mercury fillings and the much safer ceramic filling options that are available. Covering topics that include healthy nutrition, oral care for children, and the benefits of botanical substances and plant extracts for maintaining oral health, Artemis introduces a comprehensive eight-step self-dentistry protocol that offers an effective way to prevent decay, illness, acidic saliva, plaque build-up, gum bleeding, inflammation, and more.

You brush, floss, use mouthwashes, and are concerned about the foods you eat, yet you still require fillings or lengthy cleanings at the dentist. In *Kiss Your Dentist Goodbye*, Dr. Ellie Phillips teaches how anyone can achieve and maintain a truly healthy mouth. Empower yourself as you improve the look and feel of your teeth between dental visits. Your dentist will be amazed at the changes he sees, and you will be thrilled as cavities

A Shadow

"Becoming Is Better Than Being! Hi, I'm Bubble Gum Brain. I like to chew on my thoughts, flex, bend and stretch my brain, and expand the way I think! I make great mistakes that help me learn. I'm Brick Brain. With me, things are the way they are?and they're probably not going to change much. I am the way I am?and that's just how it is. Meet Bubble Gum Brain and Brick Brain: two kids with two VERY different mindsets. Bubble Gum Brain likes to have fun adventures, learn new things, and doesn't worry about making great mistakes. Brick Brain is convinced that things are just fine the way they are and there's not much he can do to change them, so why try? When Bubble Gum Brain shows Brick Brain how to peel off his wrapper, Brick Brain begins to realize just how much more fun school?and life? can be! This creative story teaches children (and adults) the valuable lesson that "becoming is better than being," which can open the door to a whole new world of possibilities!"

On Account of the Gum is a book about how the best intentions lead to some of the worst (and funniest) ideas! Serious humor abounds in this story about one kid's hilarious misadventures with gum, and the cumulative buildup of stuff stuck in hair. From the

# Read PDF My Gum Is Gone

madcap mind of Adam Rex comes a book about the improbable, downright bizarre remedies for a problem kids have faced since the creation of gum. • Features hilarious text with unexpected turns and fun rhymes • Wacky suggestions make this prime for constant giggles and repeat reading • Author Adam Rex has a funny, smart, and relatable style How do you get gum out of your hair—a pair of scissors? Butter? The cat? Call your aunt, she'll know what to do. She doesn't? Try the fire department! With each page turn, this situation—relatable to any family—grows stickier and more desperate. • A wonderful blend of light wordplay, zany humor, and a timeless topic • Perfect for fans of *The Day the Crayons Quit* and *If You Ever Want to Bring an Alligator to School, Don't!* • Great for parents, grandparents, teachers, librarians, booksellers, and educators who are looking for a funny, relatable tale to read out loud • You'll love this book if you love books like *We Don't Eat Our Classmates* by Ryan T. Higgins, *The Legend of Rock Paper Scissors* by Drew Daywalt, and *The Bad Seed* by Jory John.
