Contains 92 outline maps. The first 70 of these are historical outline maps of important developments in American history, including European explorations, the American Revolution, United States expansion, and United States post-World War II policy. Maps 71-81 are outline maps of current world regions.

Dear students, I want to share a dream with you. I dreamed that a young person of 14 whom I was going to be teaching would become president of the United States during the first half of the twenty-first century. As a teacher, I was struck by this immense responsibility. What should I teach my student about the world as preparation for this awesome task? How could my world history class help this person to mature into an intelligent and humane president and leader of the free world?

The Geography Colouring Book provides a reference book of facts regarding population, land size, languages, religions, exports, climate, etc., plus information about unique geographic features and events of historic significance. Each section begins with a plate containing a political map, a physical map and regional maps. Through active participation by colouring, the student can gain a broader understanding of the material and retain more information. The text also includes a new Geographical Dictionary and covers the five nations rising out of the former Yugoslavia. It aids in recognizing countries by shape as well as location and gaining a sense of the relative sizes of nations and states *Each section begins with a plate containing a political map, a physical map, and regional maps *Through active participation, coloring the maps, students gain a broader understanding of the material and retain more information
