This was my first
book and a true labor
of love. I spent
decades studying
steam and the work

book, and as I wrote, I
tried my best to make
the words sound good
to you - like we were
together and having a

wanted you to know
what I know and I
wanted you to be able
to do what I can do
when it comes to old
steam systems. This
book arrived in 1992
