Full Service: My Adventures in Hollywood and the Secret Sex Lives of the Stars is a "tell-all" book about the sex lives of Hollywood stars from the late 1940s to the early 1980s by Scotty Bowers, with Lionel Friedberg as a contributing author. Bowers makes many claims about the sex lives of many people, most of whom were associated with the Hollywood movie industry during that period.

Secret Lives of the Tsars by Michael Farquhar | Audiobook ...

Michael Romanov became tsar in 1613, starting a three-century dynasty. Attempting to hold true to the promises of its title, the core of Secret Lives of the Tsars begins in 1862 with the joint rule of Ivan V and his half-brother Peter, crowned when they were 15 and 10, respectively. Ivan was mentally and physically disabled so his older sister actually ran the country.

A lively chronicle of the passions, intrigues and scandals of the Romanov dynasty includes accounts of such topics as Peter the Great's torture of his own son and Catherine the Great's many young lovers. By the best-selling author of *Behind the Palace Doors* Original. 20,000 first printing.

National Geographic author Michael Farquhar uncovers an instance of bad luck, epic misfortune, and unadulterated mayhem tied to every day of the year. From Caligula's blood-soaked end to hotelier Steve Wynn's unfortunate run-in with a priceless Picasso, these 365 tales of misery include lost fortunes (like the would-be Apple investor who pulled out in 1977 and missed out on a \$30 billion-dollar windfall), romance gone wrong (like the 16th-century Shah who experimented with an early form of Viagra with empire-changing results), and truly bizarre moments (like the Great Molasses Flood of 1919). Think you're having a bad day? Trust us, it gets worse.

From Nero's nagging mother (whom he found especially annoying after taking her as his lover) to Catherine's stable of studs (not of the equine variety), here is a wickedly delightful look at the most scandalous royal doings you never learned about in history class. Gleeful, naughty, sometimes perverted-like so many of the crowned heads themselves-A Treasury of Royal Scandals presents the best (the worst?) of royal misbehavior through the ages. From ancient

Rome to Edwardian England, from the lavish rooms of Versailles to the darkest corners of the Bastille, the great royals of Europe have excelled at savage parenting, deadly rivalry, pathological lust, and meeting death with the utmost indignity-or just very bad luck.

In the sequel to his sleeper hit *Bad Days in History*, acclaimed journalist Michael Farquhar brings us another 365 wickedly entertaining days of historical bad luck, epic misfortune, and unadulterated mayhem. History is filled with struggle and triumph, determination and discovery, courage and revolution--and let's face it, some really bad days. Featuring tales of bad romance, failed business deals, presidential missteps, royal sabotage, tragic loss, and missed opportunities, this illuminating narrative tells the unfortunate--but often comical--tales of days gone horribly wrong from ancient history to the modern day. With a red-letter event for every day of the year--from January 2, 1492, when the sultan of Granada was relieved of his kingdom by Ferdinand and Isabella of Spain, to February 18, 1900, when heroin was first prescribed by doctors to cure the common cough--you'll find yourself amused, intrigued, and sometimes horrified by day after day of hilarious misfortune. Think you're having a bad day? Think again.

Veronica is an aspiring historian living in present-day Los Angeles when she meets a mysterious man who may be heir to the Russian throne. As she sets about investigating the legitimacy of his claim through a winding path of romance and deception, the ghosts of her own past begin to haunt her. Lena, a servant in the imperial Russian court of 1902, is approached by the desperate Empress Alexandra. After conceiving four daughters, the Empress is determined to sire a son and believes Lena can help her. Charlotte, a former ballerina living in World War II occupied Paris, receives a surprise visit from a German officer. Determined to protect her son from the Nazis, Charlotte escapes the city, but not before learning that the officer's interest in her stems from his longstanding obsession with the fate

An account of the life, reign, and final days of the last Russian tsar draws on Nicholas II's personal diaries and other sources

In this "incredibly rich" (New York Times) definitive history of the Bolshoi Ballet, visionary performances onstage compete with political machinations backstage. A critical triumph, Simon Morrison's "sweeping and authoritative" (Guardian) work, *Bolshoi Confidential*, details the Bolshoi Ballet's magnificent history from its earliest tumults to recent scandals. On January 17, 2013, a hooded assailant hurled acid into the face of the artistic director, making international headlines. A lead soloist, enraged by institutional power struggles, later confessed to masterminding the crime. Morrison gives the shocking violence context, describing the ballet as a crucible of art and politics beginning with the disreputable inception of the theater in 1776, through the era of

Download Ebook Secret Lives Of The Tsars Three Centuries Of Autocracy Debauchery

imperial rule, the chaos of revolution, the oppressive Soviet years, and the Bolshoi's recent \$680 million renovation. With vibrant detail including "sex scandals, double-suicide pacts, bribery, arson, executions, prostitution rings, embezzlement, starving orphans, [and] dead cats in lieu of flowers" (New Republic), Morrison makes clear that the history of the Bolshoi Ballet mirrors that of Russia itself.

"The acclaimed author of *Young Stalin* and *Jerusalem* gives readers an accessible, lively account--based in part on new archival material--of the extraordinary men and women who ruled Russia for three centuries."--NoveList.

A riveting account of the last eighteen months of Tsar Nicholas II's life and reign from one of the finest Russian historians writing today. In March 1917, Nicholas II, the last Tsar of All the Russias, abdicated and the dynasty that had ruled an empire for three hundred years was forced from power by revolution. Now, on the hundredth anniversary of that revolution, Robert Service, the eminent historian of Russia, examines Nicholas's life and thought from the months before his momentous abdication to his death, with his family, in Ekaterinburg in July 1918. The story has been told many times, but Service's deep understanding of the period and his forensic examination of previously untapped sources, including the Tsar's diaries and recorded conversations, as well as the testimonies of the official inquiry, shed remarkable new light on his troubled reign, also revealing the kind of Russia that Nicholas wanted to emerge from the Great War. *The Last of the Tsars* is a masterful study of a man who was almost entirely out of his depth, perhaps even willfully so. It is also a compelling account of the social, economic and political ferment in Russia that followed the February Revolution, the Bolshevik seizure of power in October 1917 and the beginnings of Lenin's Soviet socialist republic.
