Fiction. EVERYONE I KNOW LIVES ON ROADS examines the accident scene of celebrity, fate and language, measuring the skidmarks for traces of our Oedipal selves and chalking out the metaphorical places where these three paths converge. Road ragers and rubberneckers met along the way include Kathy Acker, Alan Greenspan, Jacques Derrida, Ayn Rand, Michael Alig and James Joyce, with hourly traffic reports from Dan Rather. "Though literature is usually the most conservative of art forms, a book sometimes appears that offers exciting new possibilities. Trevor Dodge's EVERYONE I KNOW LIVES ON ROADS is one of them: with the smooth surfaces found in new-painting, with the understated riffs of new-music, the stories collected here are as lean as they are savvy, as savvy as they are funny, as funny as they are connected to the thought, life and paths of our present moment"--Steve Tomasula.

Womens Health magazine speaks to every aspect of a woman's life including health, fitness, nutrition, emotional well-being, sex and relationships, beauty and style.

Everyone says they would like to retire early, but Rodney Rothman actually did it -- forty years early. Burnt out, he decides at the age of twenty-eight to get an early start on his golden years. He travels to Boca Raton, Florida, where he moves in with an elderly piano teacher at Century Village, a retirement village that is home to thousands of senior citizens. Early Bird is an irreverent, hilarious, and ultimately warmhearted account of Rodney's journey deep into the heart of retirement. Rodney struggles for acceptance from the senior citizens he shares a swimming pool with, and battles with cranky octogenarians who want him off their turf. The day-to-day dealings begin to wear on him. Before long he observes, "I don't think Tuesdays with Morrie would have been quite so uplifting if that guy had to spend more than one day a week with Morrie." Rodney throws himself into the spirit of retirement, fashioning a busy schedule of suntanning, shuffleboard, and gambling cruises. As the months pass, his neighbors seem to forget that he is fifty years younger than they are. He finds himself the potential romantic interest of an aging femme fatale. He joins a senior softball club and is disturbed to learn that

he is the worst player on the team. For excitement he rides along with a volunteer police officer on his patrols, hunting for crime. But even the criminals in his community seem to have retired. *Early Bird* is a funny, insightful, and moving look at what happens to us when we retire, viewed from a remarkably premature perspective. Any reader who plans on becoming an old person will enjoy joining Rodney on his strange journey, as he reconsiders his notions of romance, family, friendship, and ultimately, whether he's ever going back to work.

Marrying the sharp insights of Jenny Offill with the dark humor of Maria Semple, *MOTHEREST* is an inventive and moving coming-of-age novel that captures the pain of fractured family life, the heat of new love, and the particular magic of the female friendship -- all through the lens of a fraying daughter-mother bond. It's the early 1990s, and Agnes is running out of people she can count on. A new college student, she is caught between the broken home she leaves behind and the wilderness of campus life. What she needs most is her mother, who has seemingly disappeared, and her brother, who left the family tragically a few years prior. As Agnes falls into new romance, mines female friendships for intimacy, and struggles to find her footing, she writes letters to her mother, both to conjure a closeness they never had and to try to translate her experiences to herself. When she finds out she is pregnant, Agnes begins to contend with what it means to be a mother and, in some ways, what it means to be your own mother.

Men's Health magazine contains daily tips and articles on fitness, nutrition, relationships, sex, career and lifestyle.

Lorenzo Brown loves his work. In his job as an officer for the Humane Society, he cruises the city streets, looking for dogs that are being mistreated - underfed, unclean, trained to kill. He takes pride in making their lives better. And that pride helps Lorenzo resist the pull of easier money doing the kind of work that got him a recent prison bid. Rachel Lopez loves her work, too. By day she is a parole officer, helping people - Lorenzo Brown among them - along a path to responsibility and advancement. At night she heads for the city's hotel bars, where she can always find a man who will let her act out her damage. She loses herself in sex and drink and more. But Rachel's nights are taking a toll on her days. Lorenzo knows the signs. The trouble is, he truly needs her right now. There's an eruption coming in the streets he left behind, the kind of territorial war that takes down everyone even near it. Lorenzo needs every shred of support he can get to keep from being sucked back into that battleground. He reaches out to Rachel - but she may be too far gone to help either of them. Writing with the grace and force that have earned him praise as "the poet laureate of the crime world," George Pelecanos has created a novel about two scarred and fallible people who must navigate one of life's most brutal passages. It is an unforgettable, moving, even shocking story that will leave no reader unchanged.

To stroll the streets of Cuba—to hear the rumbling engines of its 1950s automobiles, the jazz, and the rumba—is to travel back in time, to see jaw-dropping natural beauty and the artists, musicians, and folklore of legends. With access few others have had, Cynthia Carris Alonso has spent twenty years capturing Havana's crumbling, baroque splendor. Her photographs celebrate the dreamy palette of Cuba—salmon pink, sky blue, apricot, aqua green—and reveal the contrast between patina homes; peeling stucco apartments; and the great Capitol Building, Havana Cathedral, and Hotel Nacional. With *Passage to Cuba*, Alonso opens the doors to an exquisite but rarely seen place. So take a stroll along the Malecón seawall; marvel at the dancers with their colorful, ornate costumes; lose yourself in José Fuster's

spellbinding mosaic designs; or simply relax in the warm sun of the countryside, where the calm, aging fishermen spend their days and where Ernest Hemingway wrote *The Old Man and the Sea*. This keepsake volume is a breathtaking tribute to a land with a complex history. It's a lush, vibrant collection of photographs and a road map to use to embark on a remarkable odyssey.
