Studyguide for Strategic Management: Concepts and Cases by ...

Reducing the opportunity for security breaches to occur is a strategic goal of security professionals. This goal arises from the concept of a crime triangle, whereby the elements of motive, desire, and opportunity must exist for a security breach to occur. This chapter focuses on situational crime prevention.

Strategic Security Management | ScienceDirect

Strategic Management is all about identification and description of the strategies that managers can carry so as to achieve better performance and a competitive advantage for their organization. An organization is said to have competitive advantage if its profitability is higher than the average profitability for all companies in its industry.
