Courageous, romantic, intelligent: Catherine Parr became the sixth wife of Henry VIII and her story, as Carolly Erickson recreates it, is riveting drama

The general perception of Katherine Parr is that she was a provincial nobody with intellectual pretensions who became queen of England because the king needed a nurse as his health declined. Yet the real Katherine Parr was attractive, passionate, ambitious, and highly intelligent. Thirty-years-old (younger than Anne Boleyn had been) when she married the king, she was twice widowed and held hostage by the northern rebels during the great uprising of 1536-37 known as the Pilgrimage of Grace. Her life had been dramatic even before she became queen and it would remain so after Henry's death. She hastily and secretly married her old flame, the rakish Sir Thomas Seymour, and died shortly after giving birth to her only child in September 1548. Her brief happiness was undermined by the very public flirtation of her husband and step-daughter, Princess Elizabeth. She was one of the most influential and active queen consorts in English history, and this is her story.

king, she was twice widowed and held hostage by the northern rebels during the great uprising of 1536-37 known as the Pilgrimage of Grace. Her life had been dramatic even before she became queen and it would remain so after Henry's death. She hastily and secretly married her old flame, the rakish Sir Thomas Seymour, and died shortly after giving birth to her only child in September 1548. Her brief happiness was undermined by the very public flirtation of her husband and stepdaughter, Princess Elizabeth. She was one of the most influential and active queen consorts in English history, and this is her story.

Wife, widow, mother, survivor, the story of the last queen of Henry VIII.

A "brilliantly written and meticulously researched" biography of royal family life during England's second Tudor monarch (San Francisco Chronicle). Either annulled, executed, died in childbirth, or widowed, these were the well-known fates of the six queens during the tempestuous, bloody, and splendid reign of Henry VIII of England from 1509 to 1547. But in this "exquisite treatment, sure to become a classic" (Booklist), they take on more fully realized flesh and blood than ever before. Katherine of Aragon emerges as a staunch though misguided woman of principle; Anne Boleyn, an ambitious adventuress with a penchant for vengeance; Jane Seymour, a strong-minded matriarch in the making; Anne of Cleves, a good-natured woman who jumped at the chance of independence; Katherine Howard, an empty-headed wanton; and Katherine Parr, a warm-blooded bluestocking who survived King Henry to marry a fourth time. "Combin[ing] the accessibility of a popular history with the highest standards of a scholarly thesis", Alison Weir draws on the entire labyrinth of Tudor history, employing every known archive—early biographies, letters, memoirs, account books, and diplomatic reports—to bring vividly to life the fates of the six queens, the machinations of the monarch they married and the myriad and ceaselessly plotting courtiers in their intimate circle (The Detroit News). In this extraordinary work of sound and brilliant scholarship, "at last we have the truth about Henry VIII's wives" (Evening Standard).

Imagine that, on the night before she is to die under the blade of the guillotine, Marie Antoinette leaves behind in her prison cell a diary telling the story of her life—from her privileged childhood as Austrian Archduchess to her years as glamorous mistress of Versailles to the heartbreak of imprisonment and humiliation during the French Revolution. Carolly Erickson takes the reader deep into the psyche of France's doomed queen: her love affair with handsome Swedish diplomat Count Axel Fersen, who risked his life to save her; her fears on the terrifying night the Parisian mob broke into her palace bedroom intent on murdering her and her family; her harrowing attempted flight from France in disguise; her recapture and the grim months of harsh captivity; her agony when her beloved husband was guillotined and her young son was torn from her arms, never to be seen again. Erickson brilliantly captures the queen's voice, her hopes, her dreads, and her suffering. We follow, mesmerized, as she reveals every detail of her remarkable, eventful life—from her teenage years when she began keeping a diary to her final days when she awaited her own bloody appointment with the guillotine.

Romantic, chaotic and terrifying, Catherine Parr's life unfolds like a romance novel. Married at seventeen to the grandson of a confirmed lunatic and widowed at twenty, Catherine chose a Yorkshire lord twice her age as her second husband. Caught up in the turbulent terrors of the Pilgrimage of Grace in 1536, she was captured by northern rebels, held hostage and suffered violence at their hands. Fleeing to the south shortly afterward, Catherine took refuge in the household of Princess Mary and in the arms of the king's brother-in-law, Sir Thomas Seymour. Her employment in Mary's household brought her to the attention of Mary's father, the unpredictable, often-wed Henry VIII. Desperately in love with Seymour, Catherine was forced into marriage with a king whose passion for her could not be hidden and who was determined to make her his queen.

To the extent that she is popularly known, Katherine Parr (1512–48) is the woman who survived King Henry VIII as his sixth and last wife. She merits far greater recognition, however, on several other fronts. Fluent in French, Italian, and Latin, Parr also began, out of necessity, to learn Spanish when she ascended to the throne in 1543. As Henry's wife and queen of England, she was a noted patron of the arts and music and took a personal interest in the education of her stepchildren, Princesses Mary and Elizabeth and Prince Edward. Above all, Parr commands interest for her literary labors: she was the first woman to publish under her own name in English in England. For this new edition, Janel Mueller has assembled the four publications attributed to Parr—Psalms or Prayers, Prayers or Meditations, The Lamentation of a Sinner, and a compilation of prayers and Biblical excerpts written in her hand—as well as her extensive correspondence, which is collected here for the first time. Mueller brings to this volume a wealth of knowledge of sixteenth-century English culture. She marshals the impeccable skills of a textual scholar in rendering Parr's sixteenth-century English for modern readers and provides useful background on the circumstances of and references in Parr's letters and compositions. Given its scope and ambition, Katherine Parr: Complete Works and Correspondence will be an event for the English publishing world and will make an immediate contribution to the fields of sixteenth-century literature, reformation studies, women's writing, and Tudor politics.

The best-selling author of *The Last Wife of Henry VIII* presents a tale inspired by the life of Catherine Howard that traces her early years as a sensual plaything for a series of lovers and her treasonous passion for Tom Culpepper before her failure to produce a son for the king and scandalous allegations condemn her to death.

The first ever biography of Jane Seymour, Henry VIII's third wife, who died in childbirth giving the king what he craved most - a son and heir.
