Wise and enduring spiritual guidelines for everyday living — as relevant today as when The Rule was originally conceived by St. Benedict in fifth century Rome.

The Family of God: We wish to bring forth new understandings to support you in these changing times. To achieve what you want from your day, when you wake up in the morning, call forth all supportive energies available to you. There are many supportive energies, and when you call them forth, they will flock to you. Do not focus on the challenges but rather on the results you want. You should acknowledge and observe your body when you wake up. Your body is a finely tuned instrument that carries billions of cells. It has tremendous wisdom and consciousness. Each of your organs (along with the muscles, tissues, blood, bones, skin, hair, nails, and teeth) contains energy — karmic as well as deep wisdom. Observe the body. Then communicate with it to open its inherent wisdom, and these energies will support you throughout your day in a much more aware state. When you create a friendship with your body, it will support you with solutions to the problems you seek to resolve in your daily life. Your body is the greatest friend you can have. Spirit of Success: There are pockets in your body and auric fields that contain codes and embedded energies that, when awakened, will give you the essence and the power to create what you desire. These codes and embedded energies are in everybody, and you must awaken to this truth within you so that as you grow spiritually, you are also able to create abundantly in your material life. Peacocks: What I observe in your earthly world is that human beings have great difficulty accepting themselves. They always want to be someone else or like someone else. It ' s time to be still and consider: “ Why do I think this way? What drives me to want to be like someone else? ” I have observed that many human beings do not accept their physical bodies. Some go to great lengths to modify them. Everyone has inner beauty, for all of you were built with that. It is only a matter of finding it. When you see a beautiful flower, sunset, or rainbow, you often feel joy or splendor in your heart. Where did that appreciation for beauty come in? It was always there. You focused on it, and you found it. How about focusing on your inner beauty every moment of the day and night? That could become your reality. What you focus on is what you create. When you are in that space, not only will you see beauty everywhere but you will also draw forth beautiful experiences through the law of attraction. Know in your hearts that you are all magnificent in the eyes of the Creator. There is no judgment other than the judgment you pass on yourselves. You often accept the judgment of others as truth. In these powerful times, you must consciously work on getting rid of false belief systems that keep you prisoners in your own minds.
