Strong-willed and full of hope, Leo strives to learn more of the magic he has read so much about. He's heard of invisible links in his world, and hidden rifts to other realms filled with creatures and stones of power. But Leo's family is stuck in an impoverished city. He performs backbreaking farm work beside his older brother, a rebellious and cunning thief, but nonetheless a brother whom Leo would trust with his life. Their father takes care of them as best he can, but a dangerous secret has weighed heavily on him for years. He won't be able to keep it hidden much longer. Leo believes everything will change for the better when he begins work as a bookbinder and finally leaves the dreadful farm. He can apply for apprenticeship to the Bookbinding Guild upon his soon-approaching birthday. Everything will change, but in ways their family would never expect. It all begins when Leo's brother steals something that he should've left alone.

In this spellbinding novella, E.J. Stevens weaves a tale of murder, necromancy, and demonic possession that brings together characters from her Whitechapel Paranormal Society Victorian horror series and award-winning Ivy Granger Psychic Detective urban fantasy series on the fog-shrouded cobblestones of Craven Street. The discovery of bricked up skeletal remains at 36 Craven Street point to something more diabolical than an illegal anatomy school. The tool marks on the bones, arcane sigils of great power, indicate more than mere butchery, more than enlightened experimentation. The signs, omens, and portents support the crown's greatest fears. A great evil is being unleashed upon the gaslit streets of London, a blood-drenched shadow reaching skeletal fingers beyond the slums of Whitechapel. Much maligned by their male counterparts within the S.P.R.B., the women of the Whitechapel Paranormal Society are on their own to face a sinister dark mastermind as dismembered bodies are set across London's East End like figures on a game board. Can they predict the killer's next move--a bloody, ritualistic murder that might tip the scales and give demons dominion over all of London--before he strikes again? Set against the backdrop of pre and post-Ripper Victorian London, the Whitechapel Paranormal Society series answers the question of how cases such as the Thames Torso Murders, Craven Street Bones, Tottenham Court Road Mystery, Whitechapel Murders, Goswell Road Mystery, and the Vanishing Girls of West Ham might have been solved if put in the
