Responding to the "increasing mobility of texts," MLA now encourages writers to focus on the process of crafting the citation, beginning with the same questions for any source. These changes, then, align with current best practices in the teaching of writing which privilege inquiry and critical thinking over rote recall and rule-following.

There are no easy answers, but to recognize the complexity and paradoxical nature of the institution we call the law is crucial to operating successfully within it. Understanding the competing rhetoric used by those engaged in the legal process can help guide our decision-making, whether it is in deciding who to elect to create laws in our best interest or in determining our own courses of action in promoting causes we believe in, causes which most likely will involve legal issues and actions somewhere along the process. 032188194X / 9780321881946 Writing Process, The, with NEW MyCompLab -- Access Card Package Package consists of: 0205210090 / 9780205210091 Writing Process, The, with NEW MyCompLab -- Access Card Package Package consists of: 0205210090 / 9780205210091 NEW MyCompLab - Valuepack Access Card
